

members or member organizations to seek to become members or member organizations to further reduce their transaction fees. Finally, other market participants may interact with the order flow submitted by Firms to Phlx to reach the cap. The Exchange's proposal to not assess the \$0.02 per contract transaction fee if no fee is charged or the fee is waived does not impose an undue burden on competition as the Exchange would uniformly not assess the transaction fee in this case.

#### Floor Transaction (Open Outcry) Floor Broker Incentive Program

The Exchange's proposal to create a new incentive program for Floor Brokers that is designed to attract order flow to Phlx's trading floor for execution in open outcry does not impose an undue burden on competition because the Exchange's program seeks to attract greater order flow to the Exchange. Other floor members may interact with the order flow that Floor Brokers attract to Phlx's trading floor. The Exchange's proposal to exclude Floor QCC Orders, dividend, merger, short stock interest, reversal and conversion, jelly roll and box spread strategy executions as defined in this Options 7, Section 4; Firm Floor Options Transaction Charges for members executing facilitation orders pursuant to Options 8, Section 30 when such members are trading in their own proprietary account (including Cabinet Options Transaction Charges); and Customer-to-Customer transactions from the Floor Transaction (Open Outcry) Floor Broker Incentive Program does not impose an undue burden on competition because the Exchange would uniformly apply the qualification criteria to calculate rebates. The Exchange's proposal to pay Floor Brokers rebates on qualifying open outcry volume at each of three threshold levels, with rebates ranging from \$0.03 to \$0.09 per contract, does not impose an undue burden on competition as the Exchange would uniformly calculate all qualifying volume and uniformly pay rebates associated with the Floor Transaction (Open Outcry) Floor Broker Incentive Program. The Exchange's proposal to cap rebates for the Floor Transaction (Open Outcry) Floor Broker Incentive Program at \$1,000,000 per member or member organization in a given month does not impose an undue burden on competition as all Floor Brokers would be subject to the same cap.

#### Technical Amendments

The Exchange's proposal to add certain titles within Options 7, Section 4 does not impose an undue burden on

competition as the titles will assist market participants in locating certain pricing within Phlx's Options 7, Section 4 rule. The addition of these titles are non-substantive amendments.

#### **SECURITIES AND EXCHANGE COMMISSION**

**[SEC File No. 270-202, OMB Control No. 3235-0196]**

#### **Submission for OMB Review; Comment Request; Extension: Rule 17a-22**

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 17a-22 (17 CFR 240.17a-22) under the Securities Exchange Act of 1934 ("Exchange Act") (15 U.S.C. 78a *et seq.*).

Rule 17a-22 requires all registered clearing agencies to file with the Commission three copies of all materials

<sup>49</sup> 15 U.S.C. 78s(b)(3)(A)(ii).

<sup>50</sup> 17 CFR 200.30-3(a)(12).

they issue or make generally available to their participants or other entities with which they have a significant relationship, such as pledges, transfer agents, or self-regulatory organizations. Such materials include manuals, notices, circulars, bulletins, lists, and periodicals. The filings with the Commission must be made within ten days after the materials are issued or made generally available. When the Commission is not the clearing agency's appropriate regulatory agency, the clearing agency must file one copy of the material with its appropriate regulatory agency.

The Commission is responsible for overseeing clearing agencies and uses the information filed pursuant to Rule 17a-22 to determine whether a clearing agency is implementing procedural or policy changes. The information filed aides the Commission in determining whether such changes are consistent with the purposes of section 17A of the Exchange Act. Also, the Commission uses the information to determine whether a clearing agency has changed its rules without reporting the actual or prospective change to the Commission as required under section 19(b) of the Exchange Act.

The respondents to Rule 17a-22 are registered clearing agencies. The frequency of filings made by clearing agencies pursuant to Rule 17a-22 varies but on average there are approximately 120 filings per year per active clearing agency. There are nine registered clearing agencies, but only seven active registered clearing agencies are expected to submit filings pursuant to the rule. The Commission staff estimates that each response requires approximately .25 hours (fifteen minutes), which represents the time it takes for a staff person at the clearing agency to properly identify a document subject to the rule, print and make copies, and mail that document to the Commission. Thus, the total annual burden for all active clearing agencies is approximately 210 hours (7 clearing agencies multiplied by 120 filings per clearing agency multiplied by .25).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
